HELLO!

Thank you for your generosity and support this past year! You made an impact! You provided the keys that unlocked the doors of opportunity for our university students and young entrepreneurs, empowering them to make their dreams a reality.

In 2018, through 5,600 hours of leadership training, we equipped and empowered 124 university students. Fifteen university scholars graduated this past summer. Eight already have paying jobs. Our students’ community impact projects also improved the lives of 9,400 people. They provided community health education, taught English, tutored high school students in math and science, sanitized rain water, built stoves designed to keep smoke from coming into the house, and more -- improving the quality of life for their families and communities.

Then there were the 30 young entrepreneurs chosen to be our 2018 Accelerate Academy Fellows. They used $20,000 in seed capital and investment to grow their businesses and employ 300 employees. What an impact on their lives and the lives of their families!

These wonderful impact numbers have faces -- the faces of our students and entrepreneurs whose stories inspire us to continue this work together. Your support helped make this happen! Thank you!

Jim Pressnell

UNIVERSITY LEADERSHIP PROGRAM

FLORENCE

Florence and her family fled a violent DR Congo. After losing her parents at a young age, she was adopted and continued to grow up in a refugee camp. In spite of this early heartache, Florence never lost sight of her dream to become an accountant.

Florence graduated in August 2018. With 400 others, she applied for an auditing position with Rwanda’s Ministry of Finance – and she was hired! Florence said, “Without a doubt, the monthly leadership trainings through These Numbers Have Faces gave me the confidence and skills not only to interview well, but also to get the job! I owe everything I’ve become to These Numbers Have Faces.”

ACCELERATE ACADEMY PROGRAM

EMMANUEL N.

Before joining our Accelerate Academy, Emmanuel’s business, Tebibah Film Village, had failed three times. Emmanuel applied to be an Accelerate Academy Fellow several times unsuccessfully. But he continued to come to the Accelerate Summit. Each year, he worked on the things recommended by his coaches and mentors. And applied again.

Finally, he was chosen to be a 2018 Fellow. He made his pitch in June and was awarded an investment to purchase a professional camera and other equipment to take his business to the next level. Because of all his Accelerate Academy training and mentoring, Emmanuel now runs a successful business with several employees – and he served as a coach for other young entrepreneurs at the October, 2018 Summit.

WHY WE INVEST:

“We invest in TNHF because we believe that global issues can be solved with local responses. We think TNHF’s approach of supporting education to empower and advance the lives of the next generation is an exceptional way to bring about real change in the world.”

— JOSH & PHOEBE O’BERSKI, ANNUAL CAMPAIGN DONORS

“Education and business are vital to improving people’s lives. While I was in Rwanda with TNHF, I witnessed the impact of their holistic approach to giving more opportunities to students and entrepreneurs by creating connections, mentoring, and soft skill trainings that are often missed in the classroom.”

— COURTNEY & PATRICK LEBOEUF, ACCELERATE ACADEMY SUMMIT COACH & ANNUAL CAMPAIGN DONORS
